

## **Hand Soap**

An ready-to-use colourless and odourless hand soap for the food manufacturing industry

### **Advantages:**

- Effective against most cleaning challenges.
- Generates a foam if used with foam pump. This saves on liquid usage.
- Safe for children and sensitive skin types.

### **Methods of Application:**

Apply foam to hands and wash for 10 seconds. Massage-in well, especially between fingers and nails. Add some water and continue washing for another 15 second. Rinse with water. Repeat if necessary or use a hand scrubbing brush.

### **Physical Properties:**

pH : 5-6

### **Ingredients:**

Aqua, Caprylyl/Capryl Glucoside, Cocamidopropyl Betaine, Cocamide Diethanolamine, Glycerol, PEG 7 Glyceryl Cocoate, Hydroxyethyl Cellulose, Polyaminopropyl Biguanide Hydrochloride, Tetrasodium EDTA, Didecylidimonium Chloride, Benzalkonium Chloride, Active Ingredients <1%

### **Toxicology and First Aid:**

Avoid eye contact. Rinse with clean water and seek medical attention.

If swallowed, drink copious amounts of water to induce vomiting and seek medical attention.

Storage: Store upright, away from heat, direct sunlight and out of the reach of children.

The recommendations herein are based on laboratory tests and in field use experiments. To the best of our knowledge these are accurate and since conditions of actual use are beyond our control, all recommendations are made without any warranty whatsoever.
