CARDBOARD RODENT BAIT

- Easy to assemble, cardboard bait station.
- Disposable for fast area clean-up.

Code: CRE000118

Pack size: Singles

COMBAT BAIT STATION

- Economic rat sized bait station - for cost sensitive accounts.
- Lockable and tamper resistant.
- Uses Tomcat's universal key.
- Also available in brown (code: TPL000268).

Code: TPL000250

Pack size: 5 pack

COMMANDO BAIT STATION

- Large bait station to house both blox and snap trap.
- The [Trapper T-Rex Snap Trap](#) clips in securely (sold separately).
- Uses Tomcat's universal key.
- Also available in brown (code: TPL000269).

Code: TPL000253

Pack size: 5 pack

ECONO BAIT STATION

- Economic, rat-sized, tamper-resistant bait station. Highly versatile - converts into a mechanical trap using the [Trapper T-Rex](#) and [Mini-Rex Snap Trap](#), and houses the [liquid bait station](#).
- Includes bait-securing rods and uses the Tomcat's universal key.
- Also available in brown (code: TPL000267).

Code: TPL000246

Pack size: 10 pack

RODENT CONTROL - BAIT STATIONS

LIQUID BAIT FEEDER

- Measured dispensing of rodent liquid bait.
- Can be used in the Guardian Bait Station (sold separately).

Code: SSK000240 **Pack size: Singles**

PROTECTA LANDSCAPE BAIT

- Easily blends with outdoor settings - realistic 'sandstone' colour.
- Natural textured surface aids realistic appearance.
- Uses Tomcat's universal key.
- Built-in service record card holder plus one-piece liner.
- Side opening design makes servicing easy.

Code: BLL000606 **Pack size: 4 pack**

PROTECTA MICRO BAIT STATION

- Smallest and most economical tamper-resistant bait station offered by Bell.
- Fits one wax block, designed for mice.
- Specifically designed for use in tight baiting situations.
- Made of rigid heavy duty polymer plastic to withstand temperature extremes.
- Uses Tomcat's universal key.

Code: BLL000608 **Pack size: 12 pack**

PROTECTA MOUSE BAIT STATION

- Tamper resistant mouse bait station.
- 3-in-1 (multi-use): bait station, monitoring device or mechanical trap.
- Hold four bait blocks, indispensable for heavy mouse infestations.
- To use as a mechanical trap, place [Trapper Mini-Rex](#) inside Protecta Mouse.
- Uses Tomcat's universal key.
- Side opening allows ease of service.

Code: BLL000607 **Pack size: 12 pack**

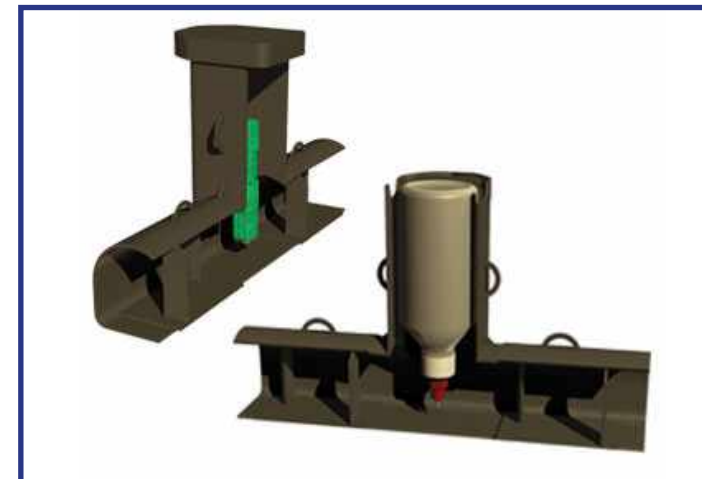

RODENT CONTROL - BAIT STATIONS

TOMCAT LOW PROFILE (LP)

- Heavy duty rat-sized bait station that fits flush against walls and into corners.
- 'Low Profile' design makes it ideal to use indoors/other tight baiting locations.
- Patented interior baffles lead rodents directly to the feeding receptacle which holds blocks, tracking powders, liquid baits, cereal baits, and place packs.
- Uses Tomcat's universal key.

Code: BLL000604 **Pack size: 6 pack**

WARRIOR BAIT STATION

- Top loading bait station can be strapped to pipes, tree branches, support beams or fences.
- This unique gravity feed system can be used with bait blocks or liquid bait dispenser bottle. Dual entry allows rodents to come and go from either side.
- Also available in black (code: TPL000280).

Code: TPL000290 **Pack size: Singles**

GUARDIAN BAIT STATION

- With the Guardian Bait Station technicians will spend less time setting up an account and servicing bait stations.
- It is a versatile, cost-effective and durable bait station.
- The unique single unlocking key that allows for quicker servicing. It can either hold 1 x Rat Snap Trap, 1 x Liquid Bait Dispenser or multiple bait blocks.

Code: TPL000451 **Pack size: 5 pack**

GUARDIAN BAIT STATION TRANSLUCENT

- HACCP COMPLIANT: The translucent cover allows for quick identifying of rodent caught or activity, without having to unlock the bait station. This will improve service speed and overall productivity.
- The unique single unlocking key that allows for quicker servicing. It can either hold 1 x Rat Snap Trap, 1 x Liquid Bait Dispenser or multiple bait blocks.

Code: TPL000453 **Pack size: 5 pack**

RODENT CONTROL - BAITS

CURAGEL

- Ready-to-use rodenticide contact gel.
- Controls Norwegian and Roof rats as well as the common house mouse.
- Active ingredient: Zinc Phosphine, 40g/kg.
- **Reg No.: L4276 Act No. 36 of 1947.**

Code: AVM000911

Pack size: 2kg

FASTRAC BLOX

- For quicker knockdown versus anticoagulants.
- Active ingredient: Bromethalin - capable of killing in as little as 1 - 2 days.
- Low risk of secondary poisoning, highly weatherable, preservative system inhibits mold growth.
- **Reg No.: L9774 Act No. 36 of 1947.**

Code: BLL000644

Pack size: 1,8kg (20g)

JAGUAR BLOX

- Effective in controlling both rats and mice, but works especially well to clean out persistent mouse infestations.
- Made with more than 16 human food-grade, inert ingredients for a flavour rats and mice can't resist.
- Active ingredient: 0.005% Brodifacoum - most potent single-feed anticoagulant.
- **Reg No.: L8259 Act No. 36 of 1947.**

Code: BLL000640

Pack size: 8kg (10g)

NON-TOX BLOX

- Non-toxic rodent monitoring bait.
- Highly palatable, all-weather.
- Each Non-Tox Blox weighs 20g.

Code: LMC000143

Pack size: 2,5kg

RODEX BAIT BLOX

- Highly active anticoagulant bait for control of red rats, black rats, domestic mice and gerbils.
- Active ingredient: Brodifacoum (Anticoagulant), 0.05 g/kg.
- Also available in 3kg pack size (code: AVM000951).
- **Reg No.: L9292 Act No. 36 of 1947.**

Code: AVM000932

Pack size: 3 & 10kg

RODEX GRAIN BAIT

- Anticoagulant grain bait for the control of the Norway rat, Roof rat, Gerbil and your common house mouse.
- Active ingredient: Brodifacoum (anticoagulant), 0.05 g/kg.
- Also available in 3kg pack size (code: AVM000912).
- **Reg No.: L6966 Act No. 36 of 1947.**

Code: AVM000913

Pack size: 3 &

RODEX LIQUID BAIT

- Highly active anticoagulant liquid bait concentrate for the control of the Norway rat, Roof rat, Gerbils and your common house mouse.
- To be used with the [liquid bait dispenser](#) (sold separately).
- Active ingredient: Brodifacoum (anticoagulant) 0.75 g/kg.
- **Reg No.: L6968 Act No. 36 of 1947.**

Code: AVM000914

Pack size: 200ml & 1lt

RODEX LIQUID CONCENTRATE

- Highly active anticoagulant liquid bait concentrate for the control of the Norway rat, Roof rat, Gerbils and your common house mouse.
- Dilute 5ml in 800ml water.
- Active ingredient: Brodifacoum (anticoagulant) 0.75 g/kg.
- **Reg No.: L9290 Act No. 36 of 1947.**

Code: AVM000916

Pack size: 1lt

RODENT CONTROL - BAITS

RODEX PASTE

- A ready-for-use rodenticide.
- Conveniently packed in T-bags for the control of rats and mice.
- Active ingredient: Brodifacoum (coumarin anticoagulant) 0,05 gm/kg.
- Each pack contains 15g sachets.
- Available in 3kg (code: AVM000943) and 10kg (AVM000992) pack sizes.
- **Reg. No.: L9566 Act No. 36 of 1947.**

Code: See above Pack size: 3 & 10kg

RODEX PELLETS

- A highly active anticoagulant pellet for the control of the Norway Rat, Roof Rat, The House Mouse and Gerbils.
- Active ingredient: Brodifacoum (anticoagulant), 0,05 g/kg.
- Also available in 3kg pack size (code: AVM000909).
- **Reg No.: L9293 Act No. 36 of 1947.**

Code: AVM000910 Pack size: 3 & 10kg

TOMCAT BLOX

- Superior palatability.
- Extruded blocks with multiple gnawing edges.
- For all weather conditions - indoor and outdoor use.
- Active ingredient: 0,005% Bromadiolone.
- Also available in 8kg x 28g blocks (code: BLL000600).
- **Reg No.: L5524 Act No. 36 of 1947.**

Code: BLL000639 Pack size: 8kg (10g)

KILLGERM FLUORESCENT TRACKING POWDER PINK

- A product for use in rodent detection and movement in cases where the pattern of activity needs to be monitored.
- A very small quantity of powder can be placed around the suspect area and can then be left overnight and the following day movement can be easily seen.

Code: FLURPINK001K Pack size: 1kg

RODENT CONTROL - BAITS & LIVE CATCH CAGES

RACUMIN TRACKING POWDER

- An anti-coagulant poison for control of the NORWAY RAT, ROOF RAT and HOUSE MOUSE in and around human and animal dwellings, factories, warehouses and other storage premises.
- Reduced risk of secondary poisoning.
- Active ingredient: Coumatetralyl (anti-coagulant) 7,5 g/kg.
- **Reg. No.: L2800 Act No. 36 of 1947.**

Code: BAY05737914 Pack size: 2,5kg

RACUMIN WAX BLOCKS

- A bait block containing an anticoagulant for the control of RATS and MICE.
- Unique formulation.
- Reduced risk of secondary poisoning.
- Active ingredient: Coumatetralyl (anti-coagulant) 0,375 g/kg.
- **Reg. No.: L8465 Act No. 36 of 1947.**

Code: BAY80186398 Pack size: 10kg

RACUMIN 3D PASTE

- A universal anticoagulant bait for the control of rats and mice indoors and outdoors.
- Unique 3D Properties: Stop Feeding Effect & Resistance Breaking.
- Active Ingredient: Coumatetralyl + Co-Formulant: Cholecalciferol (Vit D3).
- **Reg. No.: L10218 Act No. 36 of 1947.**

Code: BAY79429924 Pack size: 5kg

LIVECATCH CAT & RAT CAGES

- Livecatch Cat: Cat-sized metal cage used to capture cats unharmed.
- Livecatch Rat: Rat-sized metal cage used to capture rats unharmed.
- Cat cage code: PAT000224.
- Rat cage code: PAT000223.

Code: See above Pack size: Singles

RODENT CONTROL - MECHANICAL TRAPS

3MC (METAL MULTIPLE MOUSE CATCHER)

- Galvanised metal trap-door mouse trap.
- Easy viewing through transparent top lid, to see if a mouse is trapped inside.
- Catches multiple mice at a time.
- Sturdy design, weather resistant.
- Easy to clean and service.

Code: SX-5003CL

Pack size: 12 pack

TRAPPER 24/7 BAIT STATION

- Combines function and style in a multiple-catch mouse trap, ideal for monitoring and/or trapping, and is effective for both mouse and insects.
- Accommodates disposable glue boards for monitoring and fast cleanup.
- Allows viewing from the side or top with a flashlight.

Code: BLL000612

Pack size: 12 pack

HIDDEN KILL MOUSE TRAP

- A value priced, quick set, disposable mouse trap, easy "no-touch" disposal.
- Two-way entry allows mice to enter from either direction.
- Fully enclosed capture area keeps mouse hidden inside.
- Stealthy design blends into surroundings.
- Innovative design allows for optional corner placement.

Code: BLL000646

Pack size: Singles

TRAPPER MINI-REX SNAP TRAP

- Superior mouse and small rat capturing power with no false triggers.
- Responsive and precise trigger mechanism makes it faster and easier to set than traditional wood traps.
- Strong enough to kill a mouse, yet safe around children and non-target animals.
- Can be used in the [Econo Bait Station](#) & the [Protecta Mouse Bait Station](#).

Code: BLL000624

Pack size: 24 pack

RODENT CONTROL - MECHANICAL, MOLE & GENERAL TRAPS

TPL RAT SNAP TRAP

- Re-usable, powerful rat snap trap to be used with rat bait station.
- Dimensions: L: 14,3cm x W: 7,6cm x H: 7cm.
- Combines trigger sensitivity with the trap velocity needed to capture and hold rats.
- Its interlocking teeth make rat escapes virtually impossible.

Code: TPL001659

Pack size: Singles

TRAPPER T-REX SNAP TRAP

- Superior trapping power for chemical-free accounts or special situations.
- Combines trigger sensitivity with the trap velocity needed to capture and hold rats.
- Safer to use than other rat traps, the trapper sets easily by foot or hand.
- The bait cup can be withdrawn, baited and reinserted without setting the trap.

Code: BLL000609

Pack size: 12 pack

TALPID (TOMCAT) MOLE TRAP

- The latest in mole trap technology. Low profile, safe and easy to use.
- The trap features dual springs for maximum power, and curved jaws for improved capture, and is close to the ground when set.
- The trap is made of glass-filled nylon which will not rust, and can be used over and over again.

Code: BLL000637

Pack size: Singles

TRAPPER PEST MONITOR

- Reusable, plastic station used with Trapper MC Glue Trap to monitor both insects and mice.
- Tamper-proof, unlocks with the Tomcat's universal two-prong key.
- Pest Monitor's two-piece design is easy to secure and service, making it ideal to use in-and outdoors.

Code: BLL000617

Pack size: 12 pack

TRAPPER TUNNEL

- To protect glue boards from dust and debris, make use of the Trapper Tunnel - a sanitary, professional-looking cover that prolongs the glue's effectiveness while keeping captured rodents out of view.
- Tunnels are made of sturdy white plastic or cardboard, and are sold separately.

Code: BLL000619 Pack size: 2 x 24 pack

PROTECTA®

MOUSE BAIT STATIONS

MORE OPTIONS OFFERING GREATER VERSATILITY

PRODUCT FEATURES

- ▶ **Quality**
 - Built with special plastic polymer to extend the field life of the station and to withstand extreme environmental conditions
 - Plastic is made out of 100% recycled content
 - Designed with durable, one-piece construction living hinge
- ▶ **Performance**
 - Unique, patented design of bait stations leads rodents directly to the bait inside
- ▶ **Versatility**
 - Place bait stations wherever rodents travel - around the perimeter of buildings, along rodent runways, in doorways, under pallets
 - Protecta Bait Station designs offer the greatest variety of placements to fit every baiting situation
 - Locking mechanism on Bell's bait stations keep bait away from intruders - one key fits entire range of stations

Insect Control

INSECT CONTROL - BAIT STATIONS & MONITORS

FLY BAIT STATION

- Made from high grade, quality plastic.
- Novel closing lid to keep bait fresh and prevent spillage.
- The hole is sized for effective use of bait all through the bait station.
- This bait station works perfectly in conjunction with Thiatox Fly Bait 100.

Code: SX10860143 **Pack size:** Singles

BED BUG MONITOR

- The Bed bugs are caught on the sticky pad inside the trap which acts as a foraging.
- Detects early signs of bed bugs.

Code: RUS000413 **Pack size:** Singles

DUAL PURPOSE ANT BAIT STATION

- With 4 x entrances to the bait station, this heavy-duty plastic station can be safely used in residential properties, commercial and office spaces, and industrial and food processing plants.
- Simply fix the bait station to the surface by the sticky pad or use the plastic spike to insert into the ground.
- Available in green to blend into outdoor surroundings.

Code: KE-21806 **Pack size:** Singles

PLASTIC INSECT TRAPS

- Professional, sturdy and damp-proof.
- Available in Black (code: RUS000415) & Blue (code: RUS000416) colours.
- Plastic replacement glue boards (sold separately) allows use in wet areas (code: RUS000411), sold as a 10 pack.

Code: See above **Pack size:** Singles

INSECT CONTROL - MONITORS & BAITS

COCKROACH GLUE BOARDS

- The Cockroach Glue Board is a craft board constructed in the form of a trap coated with hot melt pressure sensitive adhesive probated with food based insect attractant.
- Reg. No.: L10664 Act no. 36 of 1947.**

Code: RUS000407 Pack size: 100 pack

CHECKPOINT

- Funnel type insect monitoring system.
- System incorporates a sticky liner which in turn secures the trapped insects.
- Suitable for food processing storage premises.
- Checkpoint liners available for sale (code: RUS000402), 10 pack.
- Checkpoint cap & cage available for sale (code: RUS000412).

Code: RUS000420 Pack size: 7 pack

DISMATE PE

- Dismate PE is a powerful, non-toxic mating disruption system used to combat food moths in food processing and manufacturing facilities.
- Available in Red (code: PH-728-CON93-R) and Yellow (code: PH-728-CON93-Y).
- Brackets are included.
- Reg. No.: L 10978 Act 36 of 1947.**

Code: See above Pack size: Singles

XLURE MST TRAP & REFILL

- Xlure MST (Multi Species Trap) is one of our top multi- species traps for the most common crawling insects found in facilities along the food chain.
- Xlure MST Refill (RUS000405) is also available for sale and is sold in a 10 pack.
- Reg. No.: L 10976 Act 36 of 1947.**

Code: RUS000403 Pack size: 5 pack

INSECT CONTROL - MONITORS & MOSQUITO MAGNET

XLURE RTU

- The Xlure RTU is a ready to use diamond trap containing nature identical pheromones for attracting stored product flying insects.
- Available in three pheromone combinations depending on monitoring requirements.
- Reg. No.: L 10977 Act 36 of 1947.**

Code: RUS000404 Pack size: 6 pack

INDEPENDANCE TRAP

- It is suitable for areas with a substantial mosquito problem.
- Large mesh bug bag.
- Cordless operation, wheeled base for easy re-location.
- Battery ignition, rechargeable battery pack and charger included.
- Uses standard Propane gas (bottle not included).

Code: MM3200INTENG2 Pack size: Singles

OCTANOL LURES

- Replacement attractant cartridges for the mosquito magnets.
- Octanol will multiply the power of your mosquito trap.
- To achieve the most powerful performance, we recommend that you replace the octanol lure every three weeks.

Code: MMOCT3 Pack size: 3 pack

PATRIOT REPLACEMENT NET

- Replacement capture bag – for easy disposal and replacement.
- A replacement net with secure closure facilitates easy disposal.
- Replace or clean nets every 21 days for peak performance.

Code: MM4000 Pack size: Singles

INSECT CONTROL - MOSQUITO MAGNET & RED TOP FLY TRAPS

INDEPENDANCE REPLACEMENT

- Replacement capture bag – for easy disposal and replacement.
- A replacement net with secure closure facilitates easy disposal.
- Replace or clean nets every 21 days for peak performance.

Code: MM3100

Pack size: Singles

PIONEER REPLACEMENT NET

- Replacement capture bag – for easy disposal and replacement.
- A replacement net with secure closure facilitates easy disposal.
- Replace or clean nets every 21 days for peak performance.

Code: MM4200NETINT Pack size: Singles

PIONEER TRAP

- The Pioneer model is ideal for smaller areas where access to mains power is available.
- Mains powered with 15m power cord.
- Fine mesh net prevents mosquitoes from escaping.
- Uses standard Propane gas (bottle not included).

Code: MM4200UK

Pack size: Singles

FLYTRAP RED TOP DISPOSABLE

- 3 liters: non-reusable fly trap.
- No insecticides – non-poisonous lure, giving complete ecological safety.
- No training of operators – just follow the simple instructions.
- The running cost is a fraction of that of insecticides.

Code: WHS800688

Pack size: Singles

INSECT CONTROL - RED TOP FLY & UV LIGHT TRAPS

FLYTRAP RED TOP RE-USABLE TRAP

- 8 liters: reusable fly trap.
- No insecticides – non-poisonous lure, giving complete ecological safety.
- No training of operators – just follow the simple instructions.
- Reusable traps are serviceable for up to five years.
- The running cost is a fraction of that of insecticides.

Code: WHS800689

Pack size: Singles

FLYTRAP RED TOP SERVICE PACK

- 1 x spare bag + 1 x sachet of bait.
- No insecticides – non-poisonous lure, giving complete ecological safety.
- No training of operators – just follow the simple instructions.
- Reusable traps are serviceable for up to five years.
- The running cost is a fraction of that of insecticides.

Code: WHS800691

Pack size: Singles

FLYTRAP RED TOP FLY-BAIT

- Available for The Red Top Cup Trap and other Red Top products.
- No insecticides – non-poisonous lure, giving complete ecological safety.
- No training of operators – just follow the simple instructions.
- Reusable traps are serviceable for up to five years.

Code: WHS800690

Pack size: Singles

ATRAPAFLY PLUG IN UNIT

- The Atrapafly has been designed to offer discreet fly control for the home.
- Incorporating translucent technology, it maximizes the window of attraction for flies allowing them to be caught quickly on control board (sold separately).
- Plug-in-the-wall unit.
- [9W compact bulb](#) (code: BRAN00386) & [insert](#) (code: BRAN00366) available.

Code: BRAN00387

Pack size: Singles

INSECT CONTROL - UV LIGHT TRAPS

ATRAPAFLY TRANSLUCENT TABLE TOP UNIT

- The AtrapaFly has been designed to offer discreet fly control for the home.
- Incorporating translucent technology, it maximizes the window of attraction for flies allowing them to be caught quickly on control board (sold separately).
- Table top fly attractant lamp.
- [9W compact bulb](#) (code: BRAN00386) & [insert](#) (code: BRAN00366) available.

Code: BRAN00503 **Pack size: Singles**

COBRA 45W UNIT

- Patented translucent technology gives proven faster fly catch response rate than other units of its size, which removes flying insect threats quickly.
- Silent operation and out-of-sight catch area for total discretion in public areas.
- Cobra Insert (code: BRAN00310) & Translucent Cover (code: BRAN00321) available for sale.

Code: BRAN00322 **Pack size: Singles**

ECLIPSE BRANDLITE ULTRA 30W

- Incorporates Translucent Technology to maximise UVA propagation for faster fly catch.
- 2 x 15 Watt Black Light Blue (BLB) lamps, or an option of Black Light (BL) bulbs.
- Customisable inserts to facilitate brand promotions and messages.
- Translucent (code: BRAN00399) & white (code: BRAN00389) inserts are available.

Code: BRAN00368 **Pack size: Singles**

GENUS DELTA STAINLESS STEEL

- The Genus Delta has been designed for areas that require high levels of flying insect control as well as complete flexibility of placement.
- Can be suspended or wall mounted for flexibility in placement.
- Large, fully grid-marked glue board for maximum catch area and HACCP compliance.

Code: BRAN00499 **Pack size: Singles**

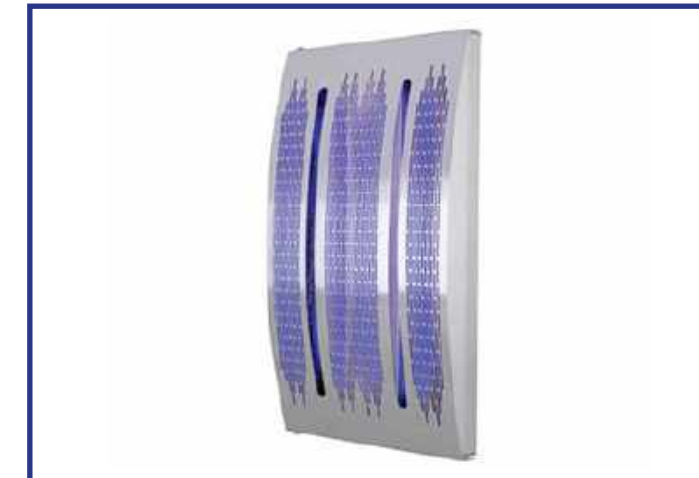

INSECT CONTROL - UV LIGHT TRAPS

GENUS ECO 30W

- High performance, value engineered insect light trap with low running costs.
- 2 x 15 Watt lamps and integral reflectors for increased UVA output.
- Easy opening hinged cover for fast, safe and both hands-free replacement.
- Genus Fli (code: BRAN00334) is also available for sale.

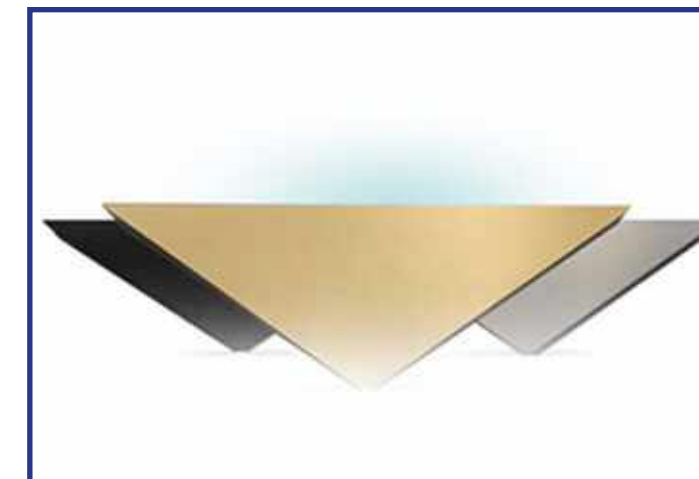

Code: BRAN00364 **Pack size: Singles**

GENUS FUTURA COMPACT 30W

- Can be mounted vertically, horizontally, corner mounted or on table top.
- 2 x 15 Watt UVA lamps for maximum discretion in customer facing areas.
- Futura Table Top Stand (code: BRAN00369) is sold separately.
- Futura insert (code: BRAN00376) & Table Top Stand (code: BRAN00369) available for sale.

Code: BRAN00327 **Pack size: Singles**

ILLUME ALPHA 30W UNIT

- Timeless art deco design and discreet fly control for front of house locations.
- Largest fly catch area in a unit of this size.
- Available in Black (code: BRAN00344), Brass (code: BRAN00341), stainless steel (code: BRAN00342) & white (code: BRAN00340).
- 26W tube (code: BRAN00303) & insert (code: BRAN00312) available for sale.

Code: See above **Pack size: Singles**

LIBERATOR STAINLESS STEEL 60W

- Optimum performance, hard-wearing reliability for commercial applications.
- Can be wall mounted or suspended, to cover all high-risk locations.
- Liberator glue board and high-voltage grid options for specific requirements.
- High UVA output (4x15W) for max attraction against competing UV.

Code: BRAN00350 **Pack size: Singles**

INSECT CONTROL - UV LIGHT TRAPS

OPTICA 45W UNIT

- Slimline unit design and UVA Diffusion Technology for attraction and control.
- Optica Insert (code: BRAN00326) & Translucent cover (code: BRAN00333) also available for sale.
- Optica IP65 model (code: BRAN00347) also available for sale, which is the High Pressure Jetproof Unit.

Code: BRAN00325

Pack size: Singles

GENUS ORBIT INNOVA

- Featuring Translucent Technology™ for premium performance in flying insect control with low running costs and ease of servicing. It enhances UVA, delivering 2.4 times the output of conventional ILTs, resulting in 186% more flies caught*, whilst also minimising energy consumption.

Code: TBC

Pack size: Singles

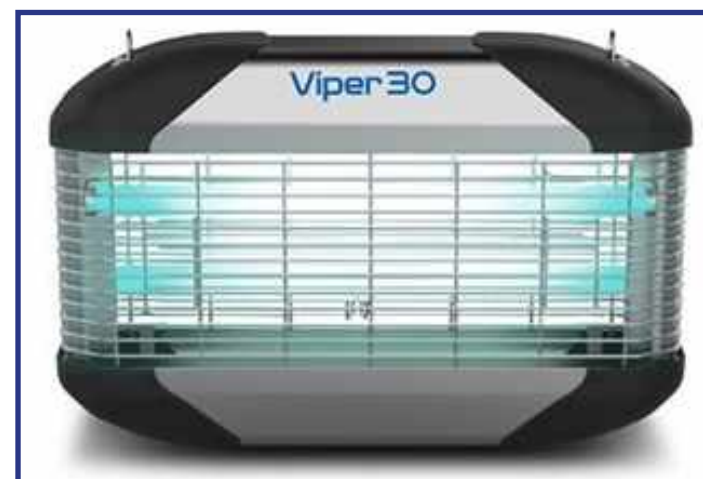

VIPER 30 CATCHER UNIT

- The Insect Light Trap version has a large capacity, grid marked glue board to assist with HACCP compliance.
- Free standing, wall-mounted or ceiling-suspended installation option.
- Quick and easy, tool-free servicing.
- Viper 30 Catch Tray (code: BRAN00502) also available for sale.

Code: BRAN00506

Pack size: Singles

VIPER 30 KILLER UNIT

- High performance unit with high voltage grid.
- Quick and easy, tool-free servicing.
- Sleeved lamps for safety in food production areas.
- Free standing, wall-mounted or ceiling-suspended installation options.

Code: BRAN00508

Pack size: Singles

Experience the world's fastest fly trapping technology — the Genus® LED Range — perfected through over 8,000 tests and over 530 prototypes, and a 70-year-old legacy of creating better.

Reduction in Energy Consumption and Carbon Emissions

Optimized LED technology for fastest fly catch and reduced energy consumption

GENUS ILLUME GALAXY LED UNIT

- Elegant and modern fly trapping technology: Comes in three other colours with a customisable front fascia that complements any decor and blends in seamlessly for front-of-house or public sensitive areas.
- Up to 4.2x increased fly catch within 10 minutes as compared to LED competitors.

Code: ILGL118-L1WH102

Pack size: Singles

Xcluder® Rodent Proof Door Sweeps

For Commercial & Residential Applications

Under-door gaps are one of the most common entry points for mice and rats, and other sweeps are no match for the gnawing of these pests. Xcluder sweeps have long been trusted by pest professionals worldwide, and with our latest sweeps, Xcluder continues to provide industry-leading rodent protection and peace of mind for any home or business owner. The innovative designs are now even easier to install and offer a clean, upscale aesthetic and a lifetime guarantee against mice and rats.*

Key Features

Use and Ease of Installation:

- ✓ Cut to size using common tools
- ✓ Enhanced vertical adjustability for hassle-free installation
- ✓ Easy install screw-on end caps
- ✓ Interior or exterior installation

Enhanced Weathersealing:

- ✓ Integrally molded flap
- ✓ Prevents light penetration and drafts
- ✓ Enhanced thermal properties—see website for details
- ✓ Enhanced protection against flying & crawling bugs

Construction:

- ✓ Sturdy aluminum retainer
- ✓ Durable weatherseal with Xcluder Fill Fabric core
- ✓ Includes mounting hardware
- ✓ Available in two colors

Insecticides

INSECTICIDES - ADJUVANTS & AEROSOLS

COMMODOBUFF

- A buffering agent for the correction of the water pH in alkaline or very acidic spray mixtures of pesticides.
- Active ingredient: Organic acid and alkali 660 g/lit.
- Available in 1lt (code: VLL001010) & 5lt (code: VLL001025) pack sizes.
- **Reg No.: L5390 Act No. 36 of 1947.**

Code: See above

Pack size: 1lt & 5lt

AVIMATIC AEROSOL

- A metered dose of natural pyrethrin aerosol.
- Lasts 30 days, sprayed at 15 min intervals, coverage approx 180m2.
- Can be used as hand-held flushing agent for cockroaches.
- Active ingredients: Pyrethrins 10g/kg, Piperonyl Butoxide 100g/kg.
- **Reg No.: L3315 of Act No. 36 of 1947.**

Code: AVM000905

Pack size: 300ml

AVISPRAY AEROSOL

- Spray aerosol for control of flies, mosquitoes and moths.
- Based on natural pyrethrins - for use in sensitive areas.
- Rapid knockdown with short residual.
- Flushing agent for crawling insects.
- Active ingredients: Pyrethrins 3g/kg, Piperonyl Butoxide 100g/kg.
- **Reg No.: L2613 Act No. 36 of 1947.**

Code: AVM000906

Pack size: 300ml

AVI-STELSPUIT AEROSOL

- For use in dispenser, controls flies, mosquitoes, moths.
- It is a synthetic Pyrethroid based metered dose aerosol.
- Active ingredients: d-Phenothrin 10g/kg, Piperonyl Butoxide 120g/kg.
- **Reg No.: L4003 of Act No. 36 of 1947.**

Code: AVM000904

Pack size: 300ml

INSECTICIDES - AEROSOLS, BAITS & COCKROACH GELS

NUVAN PROFI

- Rapid acting total release aerosol for space fumigation - broad spectrum control.
- Active ingredient: Dichlorvos 124g/kg (Organophosphate).
- Available in 200ml (code: AVM000941) & 330ml (code: AVM599330) pack sizes.
- **Reg No.: L1301 Act No. 36 of 1947.**

Code: See above Pack size: 200 & 330ml

AVISNAIL

Reg No.: L2694 Wet / Act 36 / 1947

AVI-SNAIL BAIT

- A pellet stomach and contact poison bait for the control of snails and slugs.
- In case of edible crops, cease application 7 days before harvest.
- Active ingredients: Carbaryl (Carbamate) 20g/kg, Metaldehyde 30g/kg.
- **Reg No.: L2694 Act No. 36 of 1947.**

Code: AVM000924 Pack size: 25kg

TROJAN ANT BAIT

- The granules exhibit a delayed action and this allows time for transfer of the bait within the colony, through normal food exchange, before the ants die.
- Available in 200g (code: AVM000937), 1kg (code: AVM000935) & 3kg (code: AVM000936) pack sizes.
- Active ingredient: Hydramethylnon 12g/kg
- **Reg No.: L8999 Act No. 36 of 1947.**

Code: See above Pack size: 200g, 1 & 3kg

ADVION COCKROACH GEL BAIT

- Advion cockroach gel bait is a high-performing bait.
- It targets all prevailing pest species of cockroaches, including gel bait-averse.
- Based on the exceptional active ingredient - Indoxacarb.
- Thorough cockroach infestation elimination.
- **Reg No.: L8424 Act No. 36 of 1947.**

Code: SYN000850 Pack size: 4 x 30g pack

INSECTICIDES - COCKROACH GELS & FLY CONTROL

GENERIS COCKROACH GEL BAIT

- An odourless, non-volatile and non-repellent insecticide gel bait for the control of cockroach nymphs and adults in domestic premises, public health and food storage premises.
- Active ingredient: Hydramethylnon (Amidinohydrazone) 20,4 g/kg.
- **Reg No.: L8727 Act No. 36 of 1947.**

Code: AVM000995 Pack size: 4 x 30g pack

ROSSI INSECT BAIT

- A ready to use insecticidal gel-type bait for the control of cockroaches in public hygiene practice.
- Active ingredient: fipronil (phenylpyrazole) 0.5 g/kg.
- **Reg No.: L9307 Act No. 36 of 1947.**

Code: VLL0001020 Pack size: 4 x 30g pack

THIATOX 100 FLY BAIT

- A water dispersible granule insecticide for the control of houseflies.
- Also approved to be used as potent granular bait.
- Active ingredient: Thiamethoxam (neonicotinoid) 100 g/kg.
- Available in 125g (code: VLL0001030) & 625g (code: VLL001031) pack sizes.
- **Reg No.: L9635 Act No. 36 of 1947.**

Code: See above Pack size: 125 & 625g

THIATOX FLY 250

- A water dispersible granule insecticide for the control of flies, cockroaches, ants, termites and fleas.
- Active ingredient: Thiamethoxam (chloro-nicotinyl) 250 g/kg.
- **Reg No.: L9379 No. 36 of 1947.**

Code: VLL0001002 Pack size: 1kg

INSECTICIDES - FUMIGANTS & FOGGING

INSECTIFOG

- A contact insecticide formulated for use in ULV applicators for the control of stored product pests found in warehouses and food processing plants.
- Active ingredient: Permethrin 50g/l.
- **Reg No.: L2048 Act No. 36 of 1947.**

Code: AVM000907

Pack size: 20lt

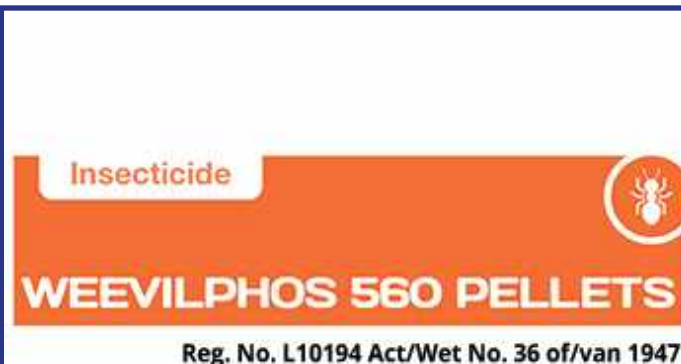

PYMIST

- A ready for use non-residual contact insecticide solution for the control of flying and crawling household insects.
- Active ingredients: Pyrethrins 5g/l, Piperonyl Butoxide 20g/l.
- **Reg No.: L0423 Act No. 36 of 1947.**

Code: AVM000908

Pack size: 20lt

WEEVILPHOS 560 PELLETS

- A fumigant for agricultural use for control of commonly occurring insect pests in stored cereals and other products and also in packed commodities and processed foods.
- Can also be used in grain mills, warehouses and other storage premises.
- Active ingredient: Aluminum Phosphide 560g/kg.
- **Reg No.: L10194 Act No. 36 of 1947.**

Code: VLL0001053

Pack size: 1kg

WEEVILPHOS 560 TABLETS

- A fumigant for agricultural use for control of commonly occurring insect pests in stored cereals and other products and also in packed commodities and processed foods.
- Can also be used for control of rodent pests as indicated on the label.
- Active ingredient: Aluminum Phosphide 560g/kg.
- **Reg No.: L10202 Act No. 36 of 1947.**

Code: VLL0001054

Pack size: 1kg

INSECTICIDES - FUMIGANTS, FOGGING & SPRAYS

CURATOR ULV (RTU)

- A contact ultra-low volume spray for the control of certain flying and crawling insects as listed in warehouses, including tobacco warehouses, storage areas and food processing plants.
- Ready to use.
- Active ingredient: Permethrin (pyrethroid) 50g/l.
- **Reg No.: L10865 Act No. 36 of 1947.**

Code: VLL0001065

Pack size: 1lt

**FUMAPHOS
SACHETS**
Reg. No.: L5289 Act. 36 of 1947

FUMAPHOS 34g SACHETS

- A fumigant for control of commonly occurring insect pests in stored cereals and tobacco.
- Fumaphos Sachets is similar to our Weevilphos 560 Tablets/Pellets, just in sachet form.
- Active ingredient: Aluminum Phosphide 560g/kg.
- **Reg No.: L5289 Act No. 36 of 1947.**

Code: NATFUMO Pack size: 10 x 34g sachets

ALPHA-THRIN PEST KILLER

- A suspension concentrate contact and stomach insecticide for the control of pests in and around houses, hotels, hostels, restaurants, kitchens, etc.
- Up to 3 months residual.
- Active ingredient: Alpha-cypermethrin (pyrethroid) 100 g/l.
- **Reg No.: L9441 Act No. 36 of 1947.**

Code: VLL0001000

Pack size: 1lt

AVI-SIPERMETRIN

- An emulsifiable contact and stomach insecticide for the control of pests including all Bollworms, Snout Beetles, Codling Moth Leafrollers, Stalkborer ect.
- Active: Cypermethrin (Pyrethroid) 200g/l.
- Available in 1lt (code: AVM119273) & 5lt (code: AVM119272) pack sizes.
- **Reg No.: L3980 Act 36 of 1947.**

Code: See above

Pack size: 1 & 5lt

INSECTICIDES - SPRAYS

AVI-KAYAZINON EC

- An emulsifiable concentrate formulation of a contact and stomach poison for the control of certain insects in the agricultural and public health sector as indicated under directions for use.
- Active Ingredient: Diazinon (Organophosphate) 275 g/l.
- **Reg No.: L2718 Act 36 of 1947.**

Code: AVM000930

Pack size: 1 & 5lt

DELTANEX 15 EC

- Effective against German cockroaches, bedbugs, ants and fleas.
- Active ingredients: Deltamethrin (pyrethroid) 15g/l, Piperonyl Butoxide 40g/l.
- Available in 1lt (code: AVM000926), 5lt (code: AVM000927) & 20lt (code: AVM000939) pack sizes.
- **Reg No.: L8801 Act No. 36 of 1947.**

Code: See above

Pack size: 1, 5 & 20lt

JUDO KILL 106 CS

- A broad spectrum micro-capsule suspension insecticide for the control of pests in and around houses, hotels, hostels, restaurants, kitchens, etc.
- Active ingredient: Lambda-cyhalothrin (pyrethroid) 106 g/l.
- **Reg No.: L9442 Act No. 36 of 1947.**

Code: VLL0001001

Pack size: 1lt

ROSSI 200 SUPER

- A combination of active ingredients in two chemical classes with two very different modes of action, Rossi Super will address the ever increasing instances of insecticide resistance.
- Active ingredient: fipronil 182g/l / lambda-cyhalothrin (pyrethroid) 18g/l.
- **Reg No.: L8376 Act No. 36 of 1947.**

Code: VLL0001029

Pack size: 1lt

RAMBA INDOOR 100 SC

- A suspension concentrate residual, contact and stomach insecticide for the control of ants, flies, cockroaches and mosquitoes.
- Active ingredient: bifenthrin (pyrethroid) 100 g/l.
- **Reg No.: L10460 Act No. 36 of 1947.**

Code: VLL0001063

Pack size: 1lt

SUPER GUARD 50 EC

- An emulsifiable concentrate for the control of pests in stored grain.
- Active ingredients: Pirimiphos-Methyl (Organophosphate) 400 g/l and Permethrin (Synthetic Pyrethroid) 75 g/l.
- Available in 1lt (product code: AVM000985), 5lt (product code: AVM000986) & 20lt (product code: AVM000987).
- **Reg No.: L7765 Act No. 36 of 1947.**

Code: See above

Pack size: 1lt, 5lt & 20lt

LAMBDA KILL 106 CS

- A broad spectrum micro-capsule suspension insecticide for the control of pests in and around houses, hotels, hostels, restaurants, kitchens, etc.
- Active ingredient: Lambda-cyhalothrin (pyrethroid) 106g/l.
- **Reg No.: L9264 Act No. 36 of 1947.**

Code: VLL0001001

Pack size: 1lt

TERMIDOR SC

- A suspension concentrate residual contact and stomach insecticide, for the control of wood destroying subterranean termites, damaging buildings and structures and subterranean termites, infesting earthen dam walls.
- Active ingredient: Fipronil (Phenyl Pyrazole) 91g/l.
- **Reg No.: L9650 Act No. 36 of 1947.**

Code: AVM000942

Pack size: 825ml

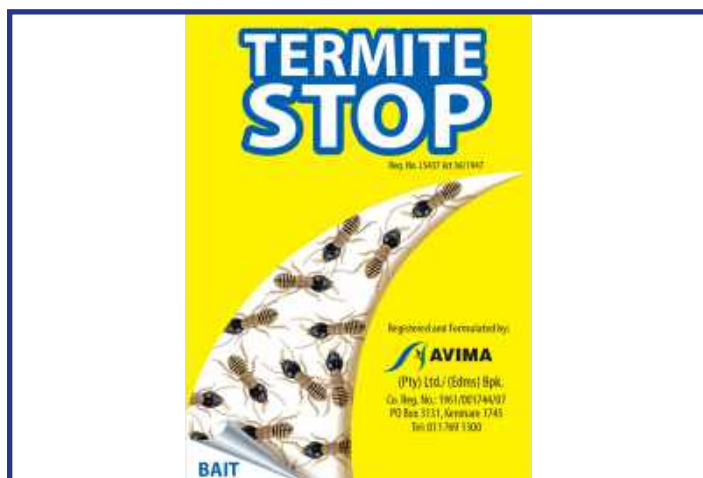

DOMINION 350 SC

- Dominion 350 SC is a suspension concentrate contact and stomach insecticide for the treatment of soil to protect buildings against subterranean termites that attack wood.
- Application rate: 72,5 – 150 ml / 100 liter water/ m2, 12,5ml / 5 liter water / m2.
- Active ingredient: Imidachloprid 350g/l.
- **Reg No.: L9576 Act No. 36 of 1947.**

Code: SHM000133

Pack size: 1lt

TERMITE STOP

- A ready to use bait with stomach action for the control of the Harvester Termite *Hodotermes Mossambicus*.
- Active ingredient: Sodium Fluosilicate 50 g/kg.
- Available in 5kg (code: AVM000917) & 25kg (code: AVM000918) pack sizes.
- **Reg No.: L5437 Act No. 36 of 1947.**

Code: See above

Pack size: 5 & 25kg

CTX 108

- CTX 108 is a ready-for-use organic solvent-based solution that provides protection of seasoned timber against wood borer and termite attack as well as discoloring fungi and mold growth.
- Active ingredients: Synthetic pyrethroid and organosulphur compound.
- **Reg No.: L7445 Act No. 36 of 1947.**

Pack size: 1lt, 5lt, 20lt, 25lt & 200lt.

GLYDOR 300

- GlyBor 300 is a ready-for-use, glycol-based wood preserving solution that is formulated as a surface and internal treatment for preserving untreated and difficult to treat timbers, whether new or existing.
- Active ingredient: Boric acid equivalent (H3BO3).
- **Reg No.: L10635 Act No. 36 of 1947.**

Pack size: 1lt, 5lt, 25lt & 200lt.

SINCE 1948

INNOVATIVE PRECISION

Brandenburg is the world's leading manufacturer of easy-to-service, eco-friendly Insect Light Traps. Our science based innovations are developed at our state-of-the-art facilities, which include:

- Dedicated In-House Scientists
- Entomology Lab
- Engineering Lab
- Industry Standard UV Lab

Viper

A premium unit with a high voltage grid for areas of high activity for flying insects.

- Stainless Steel Construction
- Wall Mounted, Corner Mounted or Ceiling Suspended Placement
- 7 cm Deep Catch Tray Effectively Retains Insects and Fragments
- Auto Cut Off Interlock Switch for Safe Removal of Catch Tray

Herbicides

HERBICIDES - TURF, GENERAL & INDUSTRIAL

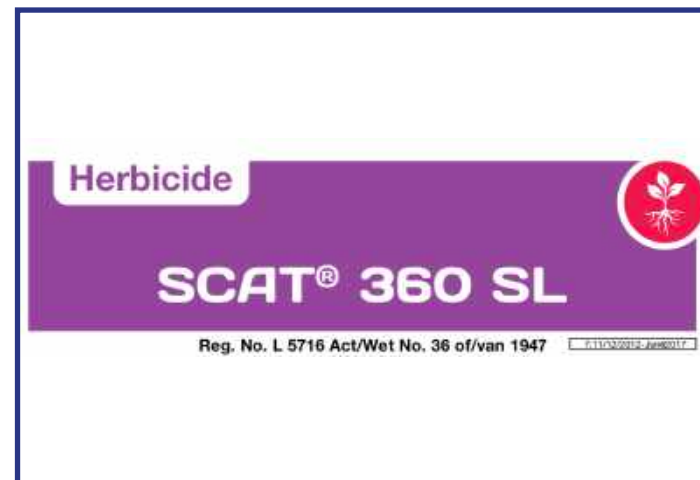

BROMACIL 800 WP

- A wettable powder herbicide with long residual action for use in citrus, pineapples, sisal, industrial areas and to control Black Thorn.
- Active ingredient: Bromacil (uracil) 800g/kg.
- **Reg No.: L4346 Act No. 36 of 1947.**

Code: VLL0001016

Pack size: 2kg

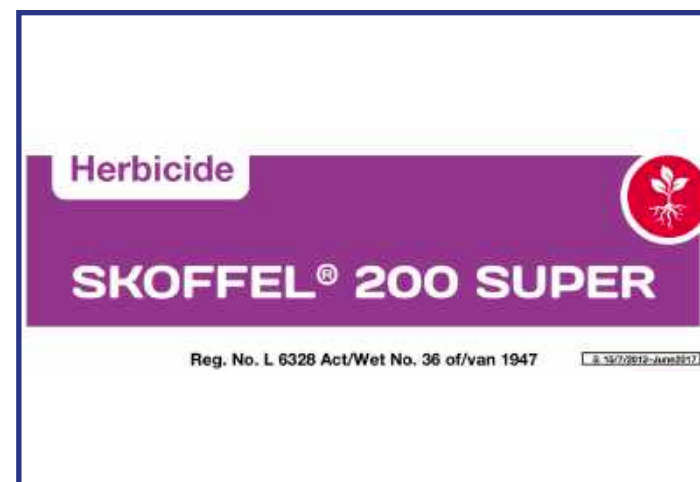

SCAT 360 SL

- A soluble concentrate non-selective systemic post-emergence herbicide.
- Active ingredient: Glyphosate (glycine) 360 g ae/l.
- Available in
- 5lt (code: VLL0001011) & 20lt (code: VLL0001012) pack sizes.
- **Reg No.: L5716 Act No. 36 of 1947.**

Code: See above

Pack size: 5 & 20lt

SKOFFEL 200 SUPER

- A water-soluble herbicide for the control of annual grasses and broadleaf weeds in crops as listed and for fire breaks and industrial use.
- Active ingredient: Paraquat ion (bipyridyl) 200g/l (as dichloride salt) 274 g/l.
- Available in 5lt (code: VLL0001023) & 20lt (code: VLL0001024) pack sizes.
- **Reg No.: L6328 Act No. 36 of 1947.**

Code: See above

Pack size: 5 & 20lt

SLASH PLUS 540 SL

- A soluble concentrate, non-selective, systemic post-emergence herbicide with slight or no soil activity for the control of weeds in agriculture.
- Active ingredients: Glyphosate (glycine) 540 g/l (g lyphosate potassium salt) 665 g/l.
- **Reg No.: L8819 Act No. 36 of 1947.**

Code: VLL0001003

Pack size: 20lt

AVI-D-WEED SL

- A selective, soluble concentrate herbicide for the control of many weeds in sugarcane, maize, cereals, sorghum, potatoes, and grass pastures.
- Active ingredient: MCPA (Potassium salt) 400g/l.
- Available in 5lt (code: AVM000996) & 20lt (code: AVM000997) pack sizes.
- **Reg No.: L224 Act No. 36 of 1947.**

Code: See above

Pack size: 5 & 20lt

HERBA-SATE 360 SL

- A soluble post emergence non-selective systemic herbicide for the control of annual and perennial weeds in crops and industrial areas as indicated.
- Active Ingredient: Glyphosphate (acid equivalent) 360 g/l, Glyphosphate (isopropylamine salt) 480 g/l.
- Also available in 20lt (code: AVM000975).
- **Reg No.: L9553 Act No. 36 of 1947.**

Code: AVM000976

Pack size: 5 & 20lt

Pest Control Equipment

PEST CONTROL EQUIPMENT - BATTERIES, DISPENSERS & DUSTING EQUIPMENT

EVEREADY PLATINUM BATTERIES

- AAA (code: EVER1110125), AA (code: EVER1110028) batteries.
- C (code: EVER1110062) and D (code: EVER1110061) batteries.
- Conveniently available with all our battery operated products, or sold separately.

Code: See above

Pack size: Singles

AEROSOL DISPENSER FOR INSECTICIDES

- With PP Chemical resistant plastic, this deluxe dispenser is insecticide compatible.
- It is lockable and time per day can be set, as well as spray intervals.
- The battery (sold separately) has a 12 month life span.
- Capacity: holds 250ml.
- Size: W: 8,5cm, H: 20cm, Thi: 8,3cm.

Code: SA-1600

Pack size: Singles

B&G ELECTRIC DUST-R

- An electric dust applicator that is ideal for applying large volumes evenly over a big area.
- Chamber holds 1.35kgs of dust.
- Extension adds a static charge to dust.
- 30cm direct application attachment.
- Flexible 30cm hose enables directing application of dust.

Code: BGE015015610

Pack size: Singles

BELLOWS DUSTER

- Colour coded insecticidal duster, helps to increase user safety.
- Includes a removable tip cleaning rod.
- Insulated tip helps to prevent shock hazard when dusting near electrical equipment.
- Duster design provides excellent control of amount of product being dispensed.

Code: JT0000127

Pack size: Singles

BULB DUST-R

- Heavy duty construction and quality B&G is known for.
- Superior dust delivery, plus the ability to deliver granular baits.
- All plastic tips allow for no worry application around electrical outlets and equipment.
- Includes two extra plastic extension tips for hard to reach areas, plus belt clip.

Code: BGE011005810 Pack size: Singles

DC20 CORDLESS ULV FOGGER

- Using the latest in battery technology, the DC20 ULV fogger has been specially designed to produce up to 40 minutes of continuous fogging time with only 3 hours of charge time as standard.

Code: VF-DC20 Pack size: Singles

H200SF PORTABLE THERMAL

- This portable stainless steel thermal fogger is powered by petrol, and has a Niebla Plus jet motor.
- Application: water/oil based chemicals.
- Flow rate: 50 LPH.
- Droplet size: 5-30 microns.
- Net weight: 10.08 kg.
- Dimensions: 135 x 29 x 39 cm.

Code: VEC000122 Pack size: Singles

VECTOR ULV FOGGER C150

- Teflon solenoid valve, flow rates: 60LPH, droplet size: 10-100 micron.
- Reliable Samsung motor two-speed output control, 110V/220V - 50Hz 1250watts.
- Model DH50: Tank capacity 5 liters, weight 4.9kg, dimensions 620 x 310 x 170mm.

Code: VEC000112 Pack size: Singles

NEW BAIT STATION MOUNTING KIT

→ Now sold as one unit ←

The mounting kit unit includes:

- = Zinc-plated nail and
- = Anchor, plus
- = Washers

5.2x16x1.6mm
Nylon Anchor
6x44mm Samsung Nail

GEL BAIT GUN (35g)

- Economic and durable bait gun used to apply accurate quantities of insecticide gel bait dispensed via a plastic syringe.
- Stainless syringe tips 10-pack (code: NOR07022994) & Stainless syringe tips 25-pack (code: NOR07023013) also available for sale.

Code: VEC000111

Pack size: Singles

INSPECTION MIRROR

- Dual ball joints positions mirror at any angle, pen size tool with pocket clip.
- Durable chrome plated finish.
- 1-1/3 diameter mirror.
- Telescopes from 15cm-48cm.

Code: AMA43

Pack size: Singles

INSPECTION TORCH

- Energy-saving.
- Light weight.
- Waterproof.
- Explosion-proof.
- Output and Intensity: 300 lumens.
- Distance: more than 200m.
- Black light torch (code: AMA635) is also available for sale.

Code: AMA107

Pack size: Singles

BLACKLIGHT TORCH

- DARKBEAM black light.
- Torch black light detector for dog urine or pet/rodent stains.
- Zoomable design: Convex lense.
- The ON/OFF-button is made from a silicon material.
- It is super bright - 5W LED
Wavelength: 365 ~ 370nm.

Code: AMA635

Pack size: Singles

B&G 5L TANK SPRAYER

- The world famous B&G sprayer ideal for every pest control application.
- Built from the highest quality components, the B&G sprayer is designed for many years of dependable service.
- Complete with 18 inch Lance, C&C Tip, Pressure Relief Valve and Pressure Gauge.

Code: BGE011008450

Pack size: Singles

B&G VERSATOOL

- Termiticide Application Tools - apply the right amount of termiticide every time in precise locations.
- Reliable and durable construction.
- Uses garden hose connection to attach various pipes to Versatool valve.

Code: BGE011007410

Pack size: Singles

BM100 MOTORISED BACKPACK

- Motorized Backpack Sprayer is made with distinctive high density polyethylene and other chemical resistant materials.

Code: VF-BM-100

Pack size: Singles

BERRY 7 MATABI SPRAYER

- A compression sprayer with a 5- liter working capacity.
- Includes: with a translucent tank, fibreglass lance, chamber shut-off valve in viton, ergonomic handle, filter with viton seals and stainless steel spring.

Code: 5MCMC04

Pack size: Singles

PEST CONTROL EQUIPMENT - SPRAYERS

MATABI SUPER AGRO 16

- A knapsack sprayer with a 16-litre capacity, chrome brass lance, eccentric chamber, padded and adjustable straps.
- Extras: Pressure regulator, set of nozzles, two seals and a dispenser.

Code: 5MKMK20

Pack size: Singles

MATABI EVOLUTION AGRO 20

- Capacity (total=nominal): 20 liters.
- Viton retainer.
- High performance hose.
- Strong and lightweight polypropylene tank.

Code: 5MKMK42

Pack size: Singles

MATABI EVOLUTION 15 LTC

- The Evolution 15 LTC is a 15-litre capacity, battery-powered (18V Li-Ion), electronically controlled sprayer that ensures even spraying throughout the entire treatment. Specially designed for use in agriculture, vegetable plots and gardens.

Code: 5MKMK45

Pack size: Singles

PAS COMMERCIAL SPRAYER

- The PAS Commercial Sprayer is a multi-functional sprayer/fogger that can be used for flying and crawling insect control in residential and commercial accounts.
- The PAS Commercial Sprayer can be used to deliver oil- or water-based insecticides, including micro encapsulated formulations. It is not designed to deliver wettable powder formulations.

Code: BGE016410220 Pack size: Singles

SAFETY

EFFECTIVE
AGAINST
ENVELOPED
VIRUSES

The COVID-19 pandemic has reinforced the importance of good hand hygiene, nowhere is this more important than in healthcare settings. Any threat to compliance rates needs to be effectively managed. INVIRTU has an important role to play in the ongoing quest for improved compliance with hand hygiene protocols in healthcare institutions.

INVIRTU alcohol-free Hand Foam Sanitiser is clinically proven to maintain the skin's natural pH balance, without the need for additional moisturising products. Encouraging good hand hygiene practice and building compliance is key in preventing the spread of infection and recent studies show users demonstrate better hand hygiene protocols if the product provides good aesthetics as well as being efficacious.

The cost of treating occupational dermatitis in healthcare workers are much higher than thought.

Providing a trusted, effective alternative to alcohol gel for healthcare workers has strong financial benefits.

Doesn't sting or
damage skin

Long-lasting
antibacterial protection

Non-flammable

No risk of
alcohol poisoning

Less risk of
eye irritation

Lockable dispensers

Aligns with
religious beliefs

Compatible with a
range of gloves

Sufficient drying time
to be effective

Promotes better
skin condition
