WARNINGS:

Do not expose container to temperatures above 50°C, direct sunlight, radiators etc.

Do not puncture or incinerate the can. Keep out of reach of children and pets.

PRECAUTIONS:

Avoid excessive contamination of food, utensils and drinking water. Avoid prolonged inhalation. Cover fish bowls. Avoid prolonged, direct spray contact with sensitive plastic and painted surfaces e.g. electrical appliances, kitchen surfaces etc., to avoid any possible damage.

DIRECTIONS FOR USE:

Use only as directed.

AVIMATIC aerosol is a highly concentrated and effective insecticide space spray for the control of flying insects such as flies, mosquitoes and moths in food processing premises, hospitals, dairies and dwellings or wherever flies and mosquitoes are a nuisance. This space spray is designed for use in an automatic dispenser which will operate every 15 minutes for approximately 30 days if used 24 hours per day. One unit is sufficient for premises up to 180m³.
